LANCER LEGEND

THOUSAND OAKS HIGH SCHOOL

THOUSAND OAKS, CALIFORNIA

1968

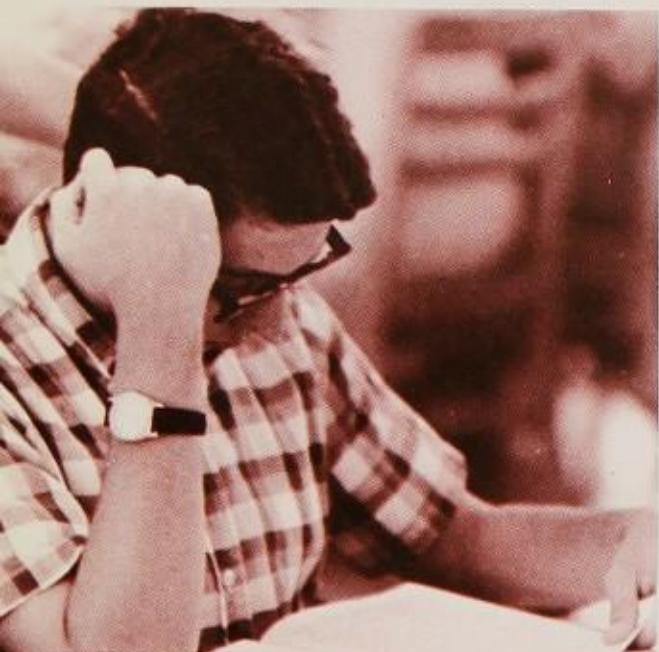

VOLUME 6

A person's outlook on life, his own personal response to the world, is portrayed eternally upon his face. Students at Thousand Oaks High communicate feelings and thoughts through the expressions on their faces.

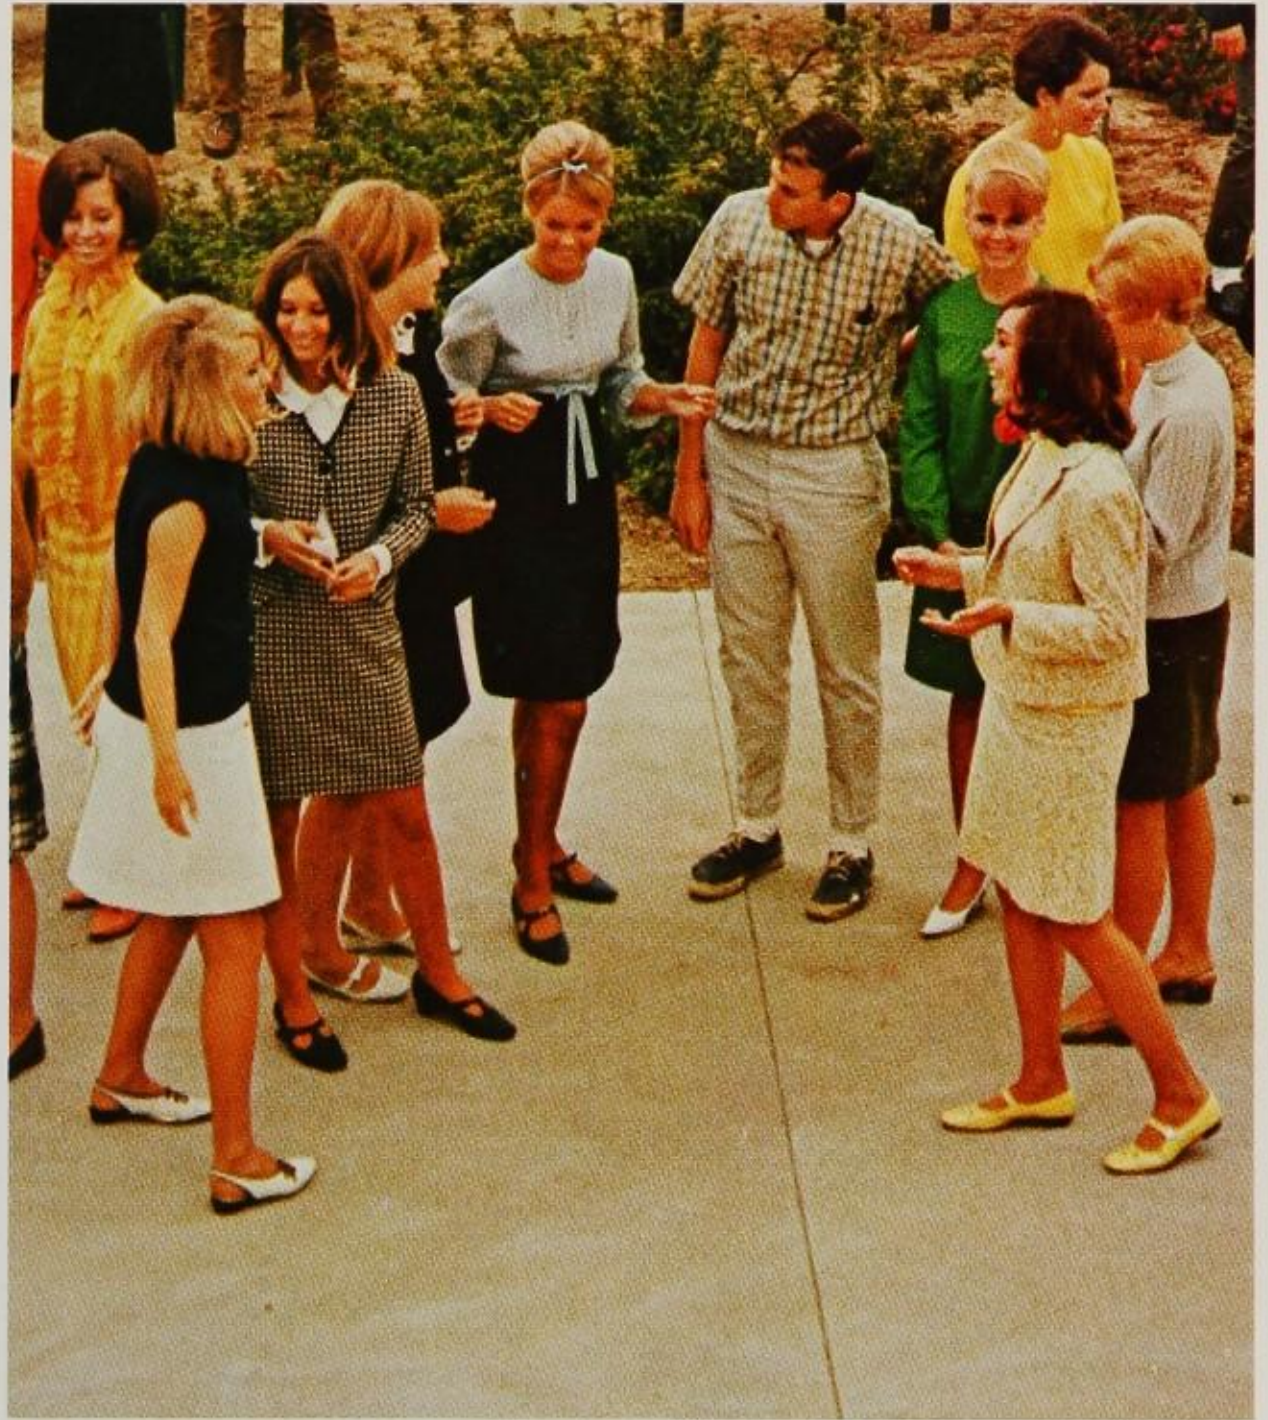

The Gay Frivolity Of Campus Activities . . .

The Rousing Enjoyment Of Spirited Involvement . . .

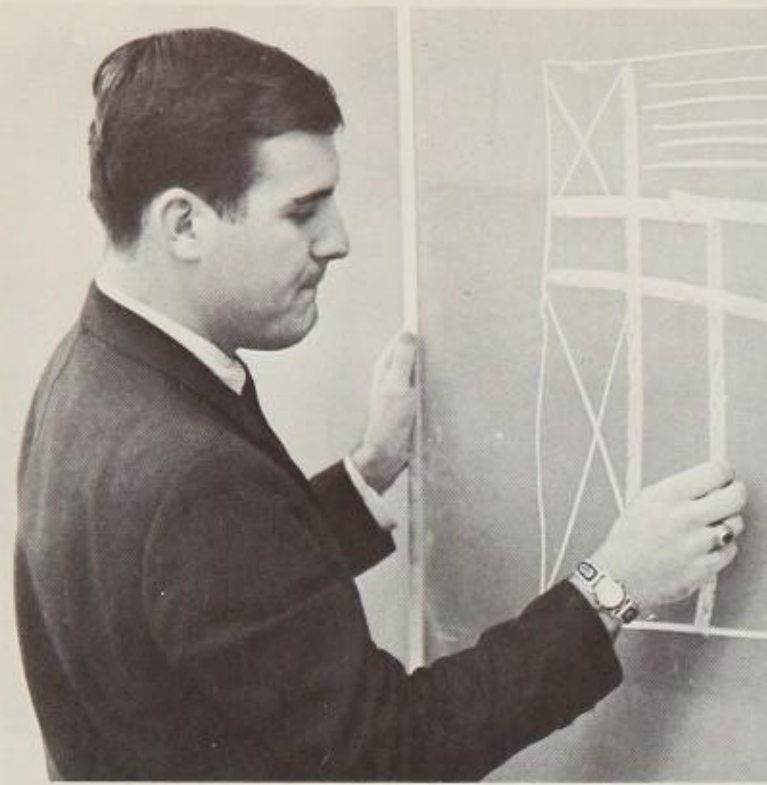

**The Quiet Moments Of Study Or Of
Just Being With Someone You Like . . .**

All of these things are reflected in the faces of students, as a serene pond reflects the images of those who approach it. These are students striving for expression. This is expression, and expression is life.

With Appreciation To . . . One Who Cares

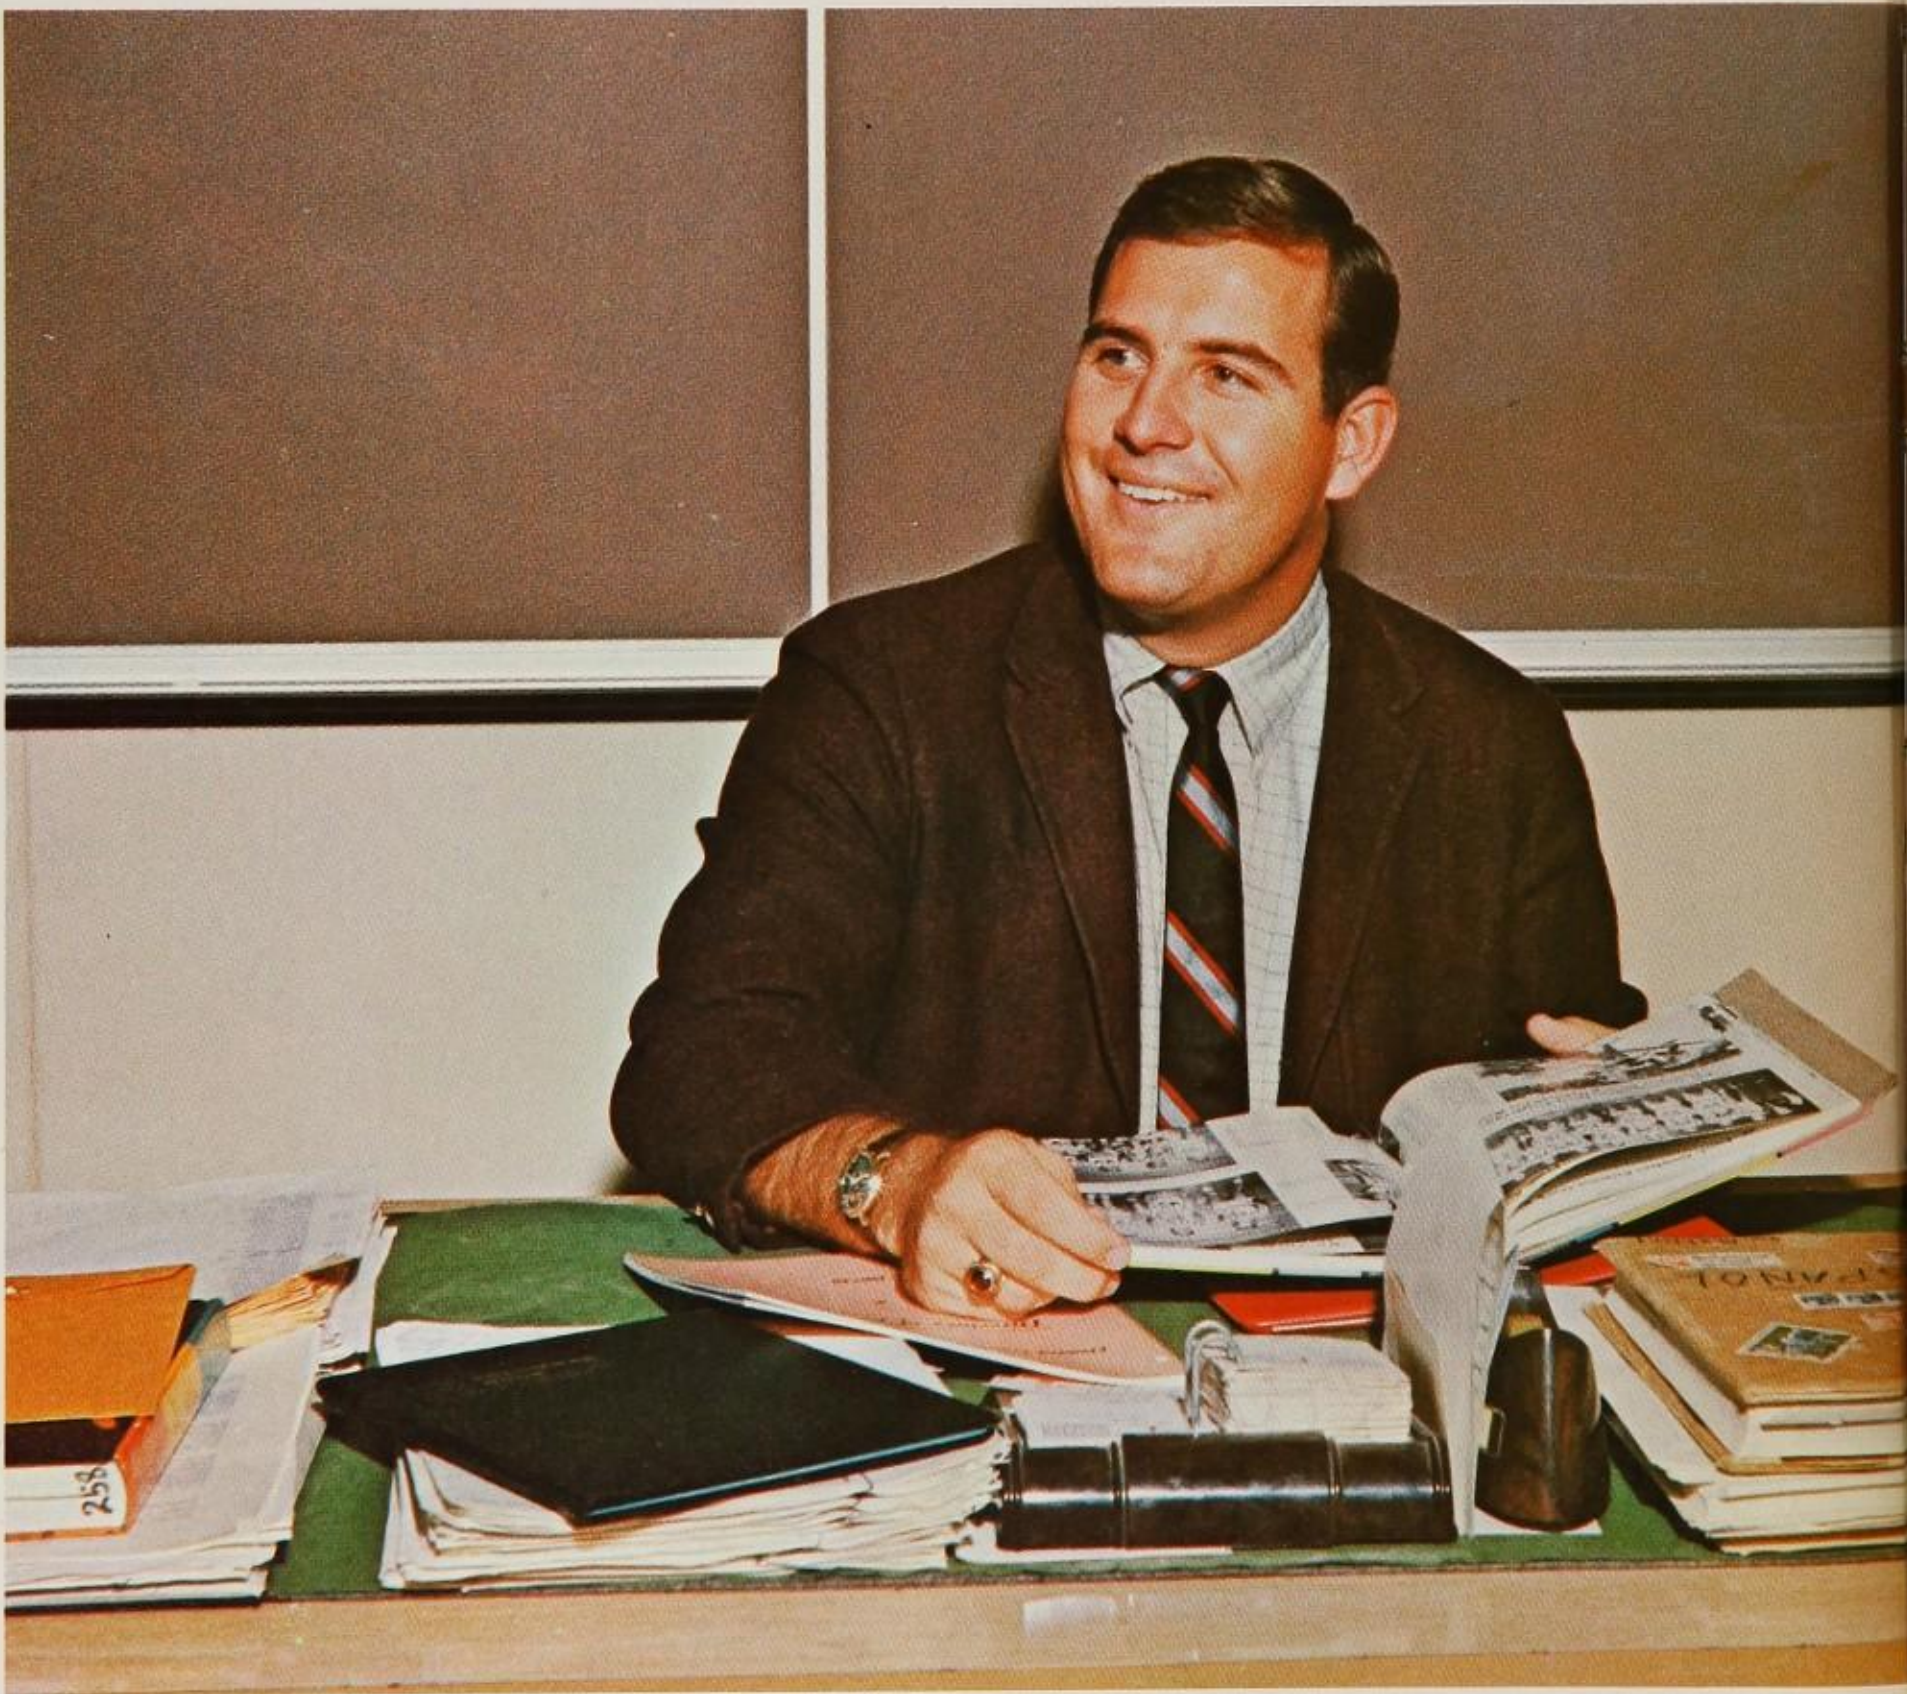

Mr. Andrews critiques a Legend layout.

The staff proudly dedicates this yearbook to our advisor, Mr. Chuck Andrews. With grateful acknowledgement of the personal sacrifices he has made for the betterment of this book. For four years he has labored unselfishly to make the Legend one of the finest yearbooks in Southern California.

Working long hours after school everyday he has never once lost his patience or sense of humor. Always ready with friendly advice or information, always breaking the monotony with a laugh and his ready wit, he has become Mr. Annual.

The Lancer Legend presents a long over-due dedication to a great teacher, a great advisor, and a great guy, Mr. Chuck Andrews.

Mr. Chuck Andrews honored by 1968 Lancer Legend staff.

Seated, L to R; Axel Jensen, Ass't. Supt.; Mrs. Jane M. Tolmach; Mr. Robert E. Williams, Pres.; Mr. Robert K. Mathews, Vice Pres.; Mr. John L.

The members of the Board of Trustees of the Oxnard Union High School District are responsible for adopting policies, providing adequate funds, and maintaining general supervision of seven high schools within the district.

A typical agenda for the board at their bi-monthly meetings might include such items as: hearing of special requests of parents and community organizations; establishment of attendance areas for each of the schools; hiring of teachers and secretaries; approval of substitute and night school teachers; hearing of reports on curriculum and new techniques on instruction; consideration of problems of students brought to their attention; establishment of a budget for the operation of the district; purchase of school equipment; adoption of personnel policies; and consideration of the construction problems of new schools.

Acting both as chief advisor to the board and as its executive officer is Dr. Joseph W. Crosby, superintendent of schools. Assisting him toward his goal of providing better education opportunities are Mr. Axel Jensen, assistant superintendent, and Mr. Lewis John, administrative assistant.

Mr. Rosser Spurs incentive

Mr. Rosser takes time to talk over a school matter with Mrs. Holbert.

MR. TOM ROSSER
Principal

With commencement exercises for the Class of 1968, the number of graduates of Thousand Oaks High School nears the 2500 mark. As the Artisans have contributed to the enviable reputation of Thousand Oaks High School and carried on many traditions, so also will you distinguish yourselves in your future endeavors as have your predecessors. With the usual feelings of nostalgia, which come with saying goodbye, we are happy in the knowledge that you are, in the words of our philosophy, "... better prepared for a useful and constructive life, and for active, responsible participation in our democratic society."

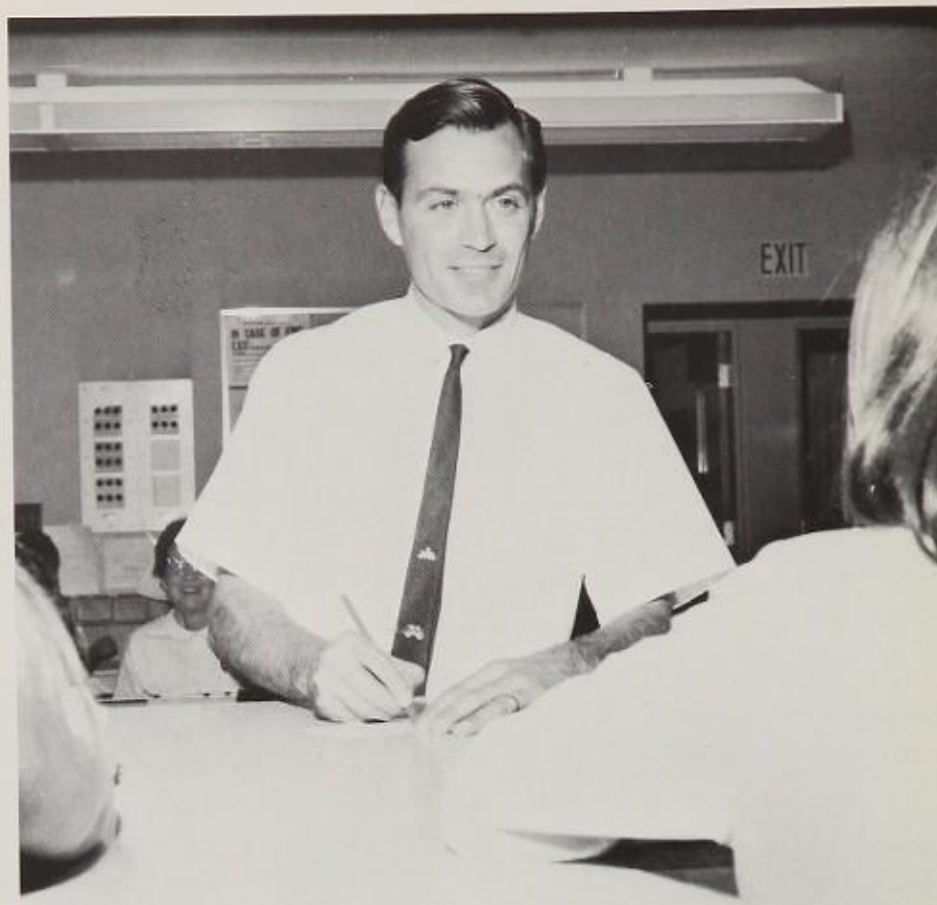

With fondest regards and sincere best wishes,

TOM ROSSER

MRS. ROBERTA SCHOENHERR

MR. JAMES RESER

MR. JAMES MOORE

Mrs. Roberta Schoenherr put in her second year of diligent work as Girls' Vice-Principal this year. Among her many duties is that of girls' dress code supervisor, certainly not one of the most enjoyable jobs on campus. She also serves as coordinator between the student body and the administration, and as such makes many important decisions affecting student government.

Thousand Oaks High welcomed a new face on campus this year, that of Mr. James Reser. Replacing Mr. Moore as attendance officer, his job is to make sure students stay in class. Mr. Reser spent the last two years as a P.E. teacher at Rio Mesa High, where he was also the J.V. Football and Varsity Basketball coach. Although his job requires the use of disciplinary measures, he has become popular and well-liked among the student body.

The office of Boys' Vice-Principal, vacated by Mr. Elmer DeSilva last year, was competently filled this year by Mr. James Moore. Mr. Moore's most important jobs are the enforcement of regulations and the directing of athletics. Enthusiastically pursuing the call of duty, he was the cause of the booming business that the barbershops did this year in Thousand Oaks. As director of athletics, he supervises the many activities of athletic competition at TOHS.

Counselors Provide Assistance In Planning Future

A counselor must be a good listener and a good talker. He must be able to hear the problems of a student and to utilize his many years of experience and knowledge to give sound advice. He must be an intelligent and compassionate person, one who is able to understand the trying problems of teenage existence. Most important of all, he should care. He should care about every individual's problems, big or small, important or trivial.

Thousand Oaks High has such counselors. Any time a student needs advice or information, all he has to do is ask his counselor. They care. Headed by Mr. William Seaver, the staff of five, Mr. Schiro, Mr. McElmurry, Mrs. Johnson, and Mrs. McNeal, advises over 2000 students on matters ranging from a schedule change to college entrance applications. They work long, diligent hours in the service of TOHS. All have been classroom teachers, and have gained insight into the problems of students and faculty alike. Special courses have given them guidance skills and techniques.

These are the faces of the counselors. They are the faces of people intelligent, compassionate, and caring.

Office Staff, School Nurse Aid Administration

MRS. MARY FOX,
Nurse

Before the first bell rings in the morning and after the last bell rings in the afternoon, the dedicated office staff continues to carry on their many duties. Their numerous jobs include: serving as secretaries for the administration; issuing passes and re-admit slips to students; taking care of money affairs, aiding counselors and handling telephone calls. The faculty secretary mimeographs tests for the faculty as well as assisting the newspaper staff in running off pages. In a typical frantic day, the office staff runs into new and perplexing situations. Despite constant demands from the faculty and students, these secretaries always remain good natured and ready to help.

Mrs. Lois Neighbors and Mrs. Pat Romans are the two who have to meet the public each day. In her job as secretary to Mr. Rosser, Mrs. Neighbors mans the big desk in the lobby. It is Mrs. Romans' voice that is heard when anyone calls TOHS on the telephone.

Mrs. Mary Fox, school nurse, is kept busy bandaging cuts and scratches, and taking temperatures. It is her vital job to see that T.O. students remain in good health and that the sick are taken care of. Mrs. Fox is also advisor to the Future Medical League.

Library Lends Easy Access For Research, Study

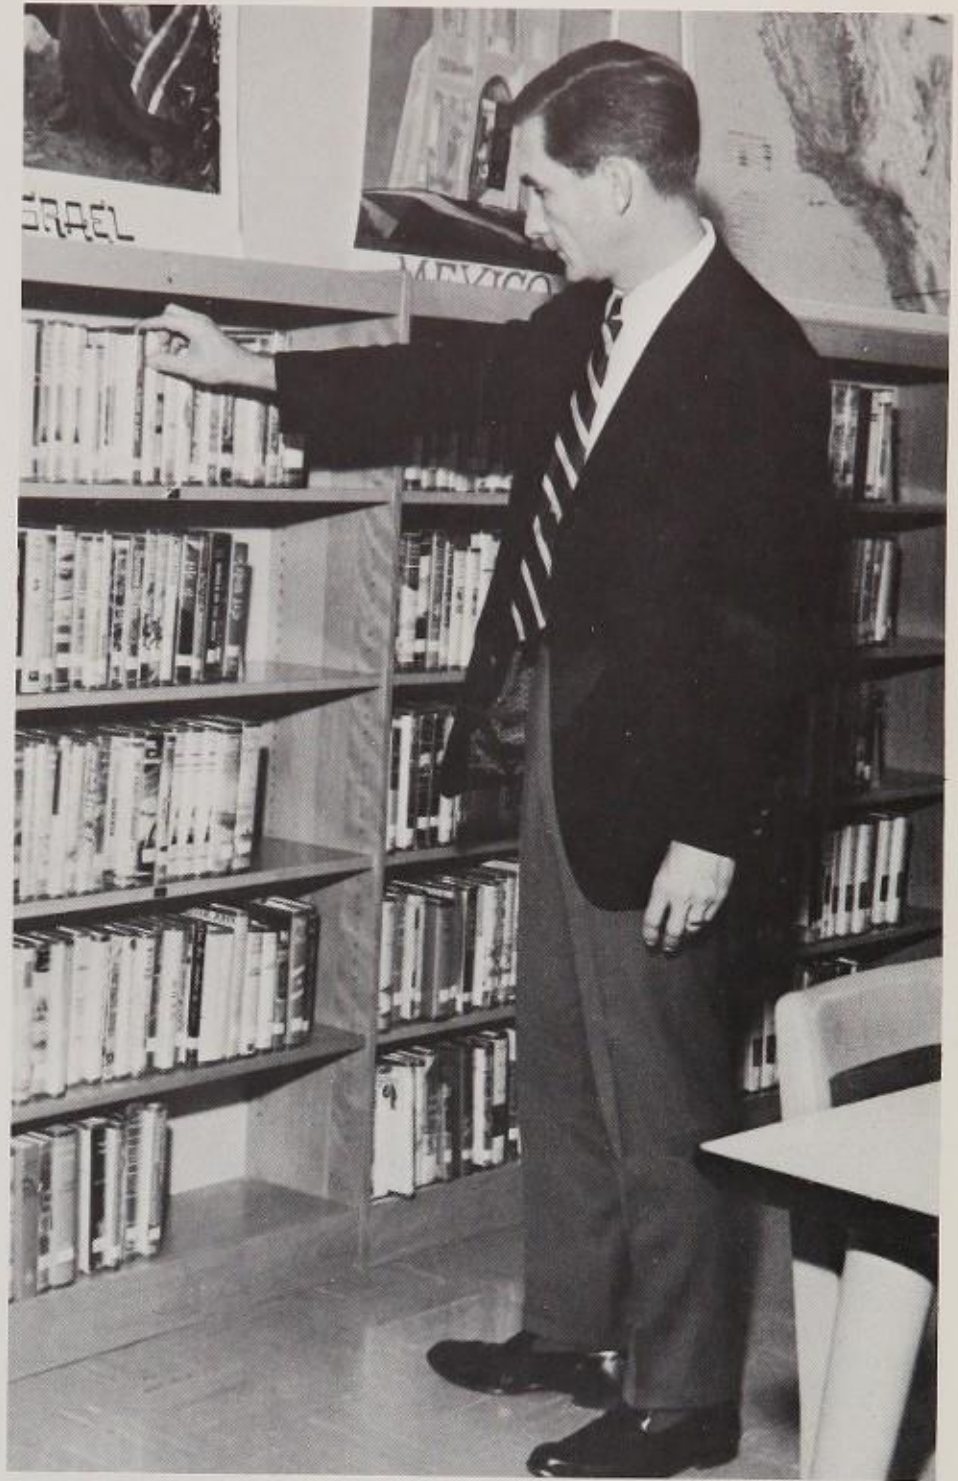

To supervise and control the distribution of books and reference materials is the main duty of the librarian, textbook clerk and library clerk.

Librarian Mr. Bud Rankin gives his time generously to those students who wish to become acquainted with their library, and who use its valuable materials.

Mrs. Carlene Long, new textbook clerk at TOHS, supervises the issue of textbooks to students and classes.

Mrs. Jean Williams, library clerk, takes care of much of the paperwork behind running an efficient library.

Mr. Gil Speckles of the Audio-Visual department takes care of equipment which aids classroom education, such as projectors, films and tape recorders.

Maintenance Crew Sustains Orderly TOHS Campus

Custodians' tractor and chariot is pride of student body.

It takes a lot of work to service a high school of some 2200 students. In order to perform the mechanical duties of running a campus, the maintenance department is divided into a day shift and a night shift. These men see that classrooms and campus are kept clean and orderly. They also assist students in preparation for special functions, such as dances, held in the school gym.

Locker attendants supervise equipment and accessories of the PE department.

Another important service provided for students is transportation. The bus drivers see to it that students get to school and get home everyday.

Last but not least, are the services performed by the Cafeteria staff. These women cook for the many hungry stomachs at TOHS.

History Heightens Student's Awareness Of Complex

"Profit by the past," wise men like to say. So does the TOHS History Department. Its goals are three-fold. First is to give to students a knowledge of past happenings, which may then be applied to an understanding of the problems facing man today. With this understanding, one may achieve the third goal: providing for a better future.

To become acquainted with past history, studies of world geography and world history are required for freshmen and sophomores. Juniors complete their study of the past with U.S. History, before studying the problems and promises of democracy as seniors.

Effective Communication In Computerized World

Someone once said, "He who remains silent is usually speaking his mind." English Department members strive to create in students the art of expression, the means of communication to help them learn to speak and to say something, too.

To meet these demands, the English program is divided into several levels. Freshmen and Sophomores concentrate on grammar, speech and literature. Juniors study American authors, and acquire the basics of composition. Here they come face to face with that most dreaded of English assignments: the term paper. Seniors meet the Bard of London, Will Shakespeare, and vicariously visit Scotland and Denmark as they follow the fortunes of **MacBeth** and **Hamlet**. Advance composition causes many sleepless nights.

Math Serves As Challenge To Logical Thought

"C squared equals A squared plus B squared. Uh, where can I find that distance formula?" Such sounds as these are likely to be heard by any pedestrian who chances by a math room some day.

Fundamentals of math are expressed through these theorems and axioms in algebra and geometry. Trigonometry is available to those who wish to apply fundamentals and expand their thought. An introduction to college math is offered to those students who wish to continue with higher math in college.

For the student who plans to go to work—or into the kitchen—after graduation, the Math Department provides lower levels of arithmetic designed to help out in keeping the checkbook straight and balancing the family budget.

Business, Industrial Arts Steer For Experience

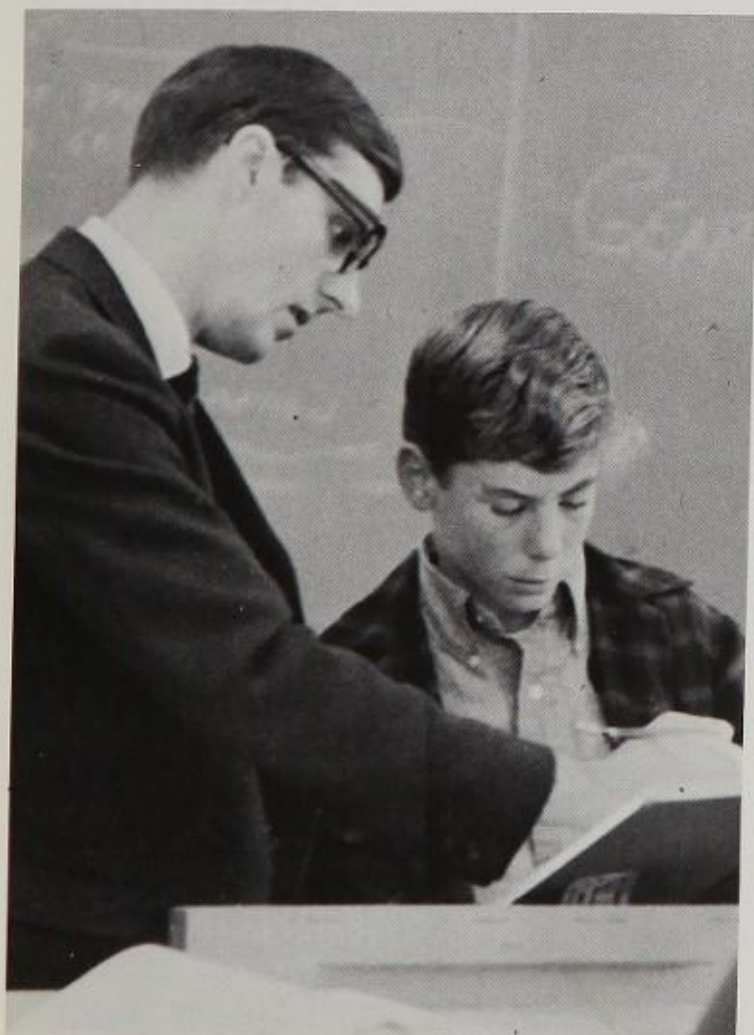

At TOHS business teachers exert their efforts to prepare students for future vocational experience. Such courses as bookkeeping, stenography, and machines provide valuable practice in techniques used in the business world.

Similarly, technical training in a vocation, whether it be carpenter or mechanic, is provided by the Industrial Arts Department.

Both departments help to place certain qualified students in jobs.

Language, Homemaking Give Vocational Training

Grandmother never had it so good as the girls enrolled in home economics classes at TOHS. Such courses as sewing, cooking, child care, and interior decorating serve as fundamentals in preparation for a successful home life or career.

As does preparation for family life, instruction in foreign languages assumes a greater role of importance in today's world. While the demand for more effective communication in the complex world increases, so does the necessity of learning a foreign language.

Through instruction in conversation and grammar, teachers give TOHS students a good grounding in such languages as Russian, German, and Latin.

One thing all physical education students soon discover is that their Ban does wear out as the period wears on. Under the watchful eyes of their instructors, girls and boys alike are put through a complete program of physical conditioning. There are also many pleasurable activities involved in keeping fit. Girls have the opportunity to learn dancing, from square to modern. Swimming, tennis and volleyball are among the many active pursuits offered to TOHS males.

There are many important aspects to P.E. Grades are based upon attendance, cooperation, skills tests and team success. Through PE, students can have a well-rounded education and learn the spirit of competition that is so valuable later in life.

Art Stimulates Quest Of Cultural Understanding

Art, students soon come to discover, is more than slapping paint onto a canvas. Needed first is an active imagination and the special touch of creativity. To inspire creativity in students is the most important goal of the Art Department. Creation involves the principal fundamentals of design and composition, all of which are taught at TOHS.

The Art Department continually is creating new and more interesting projects to teach students these fundamentals and also to stimulate creativity.

TOHS Band, Choir Develop Bright Musical Talents

For many thwarted songbirds, the realization comes early in life that they cannot carry a tune; even in the shower. The alternative, then, is to listen, to appreciate. TOHS students have the best of both worlds in their Music Department, which provides band, glee club and choir for the talented, and music appreciation for the listeners. All of these activities take place in the two huge band and chorus rooms, designed and equipped especially for singing, playing and listening.

Scientific Method Employed In TOHS Laboratories

Science is more than bugs, frogs, chemicals and experiments, many a student soon learns. To convey a better understanding of the world and the universe around it, the TOHS Science Department provides a solid foundation for most subjects. Physics students learn the basic laws of nature and why events happen as they do. In chemistry students are taught the properties of fundamental forms of matter. To deal with the origin, growth, reproduction, and structure of living matter, biology is also offered. Science teachers are aided in their teaching efforts by thousands of dollars' worth of laboratory instruments and supplies.

Not only the college-bound student benefits from these expensive facilities. The vocational pupil, too, learns lessons that will serve him in everyday life. There are many times during the course of a day in which one uses simple scientific principles. Driving a car, cooking a meal, or even playing ball provide evidence of this.

RIGHT: Linda Saunders doesn't exactly appreciate certain aspects of a lab experiment.

President Rules Wisely

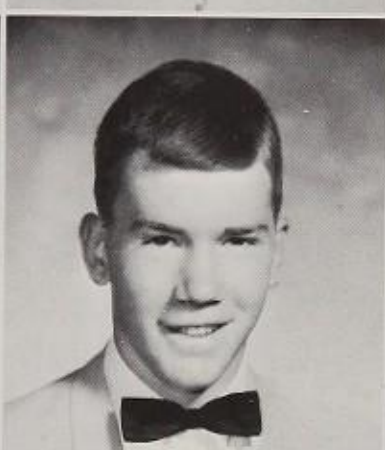

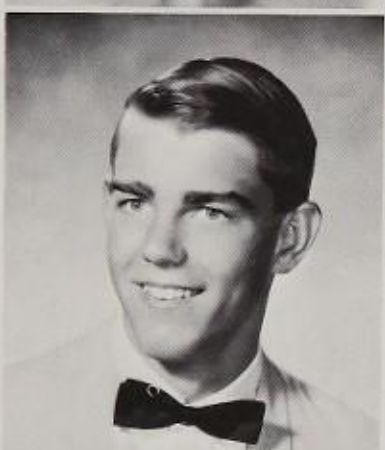

Student government was ably led this year by Russ Cameron. Heading Student Cabinet, managing all student body activities, and appointing ASB committees were among his duties. He also carried the responsibility of fostering public relations and hosting visiting schools. As President, Russ was a permanent delegate to the Ventura County Inter-School Council, and appointed all representatives to VCISC. Besides heading TOHS government, Russ kept himself busy by making the varsity basketball and baseball teams. Russ set a fine example with his school spirit and endless energy. He was continuously organizing committees. When he was not organizing, he was volunteering for any activity that came his way, helping to make 1968 a banner year.

Cabinet Keeps Busy

Student government at Thousand Oaks High is led by an active and capable group, the Student Cabinet. Functioning under President Russ Cameron, the cabinet serves as the executive branch and, with Student Council, as a co-legislative body. Cabinet is responsible for most of the operation of the government. Meeting twice a week before school, cabinet plans such events as rallies, assemblies, and dances. Drafting the yearly budget, and providing funds for ASB activities and clubs through sales of the ASB card, concessions at games and miscellaneous items, comprise much of the work and a lot of the worry of this group.

Representative government at Thousand Oaks High rests in the hands of Student Council. Headed by Vice-President Michele Fallon and composed of an elected representative from each history class, plus all members of Student Cabinet, Student Council is designed to function as the legislative organ of the Associated Student Body. Improved campus communication and a more active student body result from the monthly council meetings. Each representative is held responsible both for keeping his class aware of what's happening and for keeping student government aware of his class. Committee work and active leadership from cabinet were responsible for providing the student body with many activities such as lunchtime music, recreation and movies, which were presented along with after-game dances, sports-nights and money-making projects such as a bottle raid to provide the gym with a better speaker system.

Clubs Serve School By Volunteering To Help

Two organizations on campus which get little publicity and yet are of invaluable service to the school are the girl's Service Club and the student store. The Service Club gives girls experience in tending tables while providing service at school banquets and dances. They also serve at community functions, and usher at plays and graduation. The student store not only offers good business experience in selling and bookkeeping, but also provides the student body with stationery supplies.

Rally Club, ICC Supply Spirit, Communication

Inter-Club Council, headed by chairman Barbara Robinson, works all year to coordinate club activities and schedules. It sponsors each year Club Week, promoting club membership, and Dog Patch Olympics.

Rally Club is easily the most school-spirited club on campus. Formed in 1966 to help the Commissioner of Spirit promote enthusiasm, it has been a tremendous success during games, rallies, and other events.

ICC advisor Mrs. Jean Ferguson looks on as Commissioner of Clubs Barbara Robinson plans next meeting.

Annual Staff Enlarges Book To College Size

Yearbook editors this year turned to respected national magazines—such as **Life**—plus numerous art textbooks, to produce the mosaic-influenced layouts in the 1968 **LANCER LEGEND**. Spurred on by a B⁺ rating in their first try at a national rating, staff members aimed for top honors with a new size book and the most pages ever. To meet vigorous deadlines, most editors stayed after school the equivalent of an extra school day each week.

Newspaper, Magazine Supply News, Stories

Campus communication of information and ideas was greatly assisted this year by the publication of the **Lancer** newspaper. The newspaper staff worked hard and long to make the **Lancer** the only school newspaper in the county to be published weekly. Literary creativity was also heightened by the semi-annual publication of **Reflections** magazine. Through this magazine, art students as well as writers are able to communicate their ideas and reflect the lives they experience.

Girls, Boys Collaborate

Probably the most compatible organizations on campus are Girls' League and Boys' Federation. Many activities this year have been jointly presented by these two groups. Several after-game dances, the Christmas Backwards Dance, several sports-nights, and a few food sales were sponsored this year. Many other important functions are carried out by these groups, such as formulating the dress code at the end of every year. All students are members of either one or the other of these clubs and most participate in their numerous activities. Both groups contributed greatly to an exciting year.

Lettermen, GAA Promote Sports Thru Competition

The Letterman's Club is open to boys who have earned a varsity, junior varsity, or two freshman letters in athletics. Promoting a finer spirit of sportsmanship and friendship, and creating a good campus environment are their goals. One of the most active clubs on campus, the Letterman's Club sponsored the Harlem Clown game, work concessions for all home basketball games, and provided workers for home football games.

GAA offers girls an opportunity to earn a school letter by participating in such sports as volleyball, tennis, softball, and basketball. Membership is open to any girl interested in improving her skills and competing in intramural sports. GAA also competes with other schools to develop a spirit of competition and co-operation among girls. TOHS girls have compiled a fine record in all sports competition.

Students Work Earnestly To Obtain CSF Standing

The California Scholarship Federation is open to all students who achieve at least three A's and one B in academic subjects on their semester report card. The main purpose of the organization is to provide graduating members with college scholarships. The money for these awards is raised each year through such schemes as a book-sale and a novelty basketball game. Members also take part in a field trip each semester, which includes attending a first-run movie.

Among those who qualified for CSF second semester are Paula Dennies and Pam Dennies, sitting, and Ann Reinsvold and Gayle Walsh.

Ana Saccamoni Foreign Student From Paraguay

Ana Saccamoni, AFS exchange student from Asuncion, Paraguay, stayed this year with Mr. and Mrs. Gustave Riedinger. A member of Girls' League and the Rally Club, Ana pitched immediately into the mainstream of life at TOHS with her "sister," Lee Riedinger, a junior. Back home in Asuncion, Ana has one brother and one sister. On her return to Paraguay she will finish her last three months of high school. She plans to attend the National University and become either a lawyer or an English teacher.

Frank Achermann, visiting student from Switzerland, shows his American mother, Mrs. Adams, some of his homework.

Frank Achermann Visits TOHS From Switzerland

From Lucern, Switzerland, this year came friendly Frank Achermann, a familiar and active face on campus. Frank is a member of AFS, which sponsors his stay in this country, the art club, the science club, and the Varsity swim team. He is also the first Senior Student Court Justice and an elected representative in Student Council. Frank has enjoyed his stay in America but he is anxious to return to Switzerland and begin studies in the medical field.

Jan Nyland, exchange student from Sweden, looks over his passport with his American parents Dr. and Mrs. Richard Adams.

Youth—Understanding Sends Swedish Student

Representing Youth for Understanding in TOHS was Jan Nylund, a native of Boras, Sweden. His American "parents" were Dr. and Mrs. Richard Adams. Among his likes were swimming, Dixieland music, billiards, hamburgers, and, of course, skiing. An energetic athlete, Jan competed on the Lancer varsity tennis team. When Jan returns to Sweden, he plans to prepare for a career in international law.

Six Exchange Students Finish Year At TOHS

American Field Service attempts to promote world Brotherhood and to improve America's image abroad by showing others the American way of life. Each year AFS sends thousands of American students to foreign countries and sponsors the stay of thousands of foreigners in the U.S. The Thousand Oaks High chapter of AFS, largest club on campus, is this year sponsoring two exchange students, one from Switzerland and one from Paraguay. Money to support these students comes from such activities as the annual talent show and special showings of movies.

Band, Twirlers Combine Music, Drills In Parades,

The Lancer Band is one of the busiest groups on campus. Participating in parades, assemblies, rallies, half-time shows and concerts keeps members active all year. Although constantly on the road, the band found time this year to put on a half-time show at each home football and basketball game. Similarly, the Flag Twirlers perform during basketball half-times and appear at parades, rallies, and football games.

It may look like a traffic jam, but it's only the Lancer Band marching proudly on football field during half-time.

Half-Time, Concerts

Assisting the band in entertaining the student body are the baton twirlers, Barbara Robinson and Danielle Chapman. They display their unique talents during half-time shows at football and basketball games, parades and rallies. Barbara and Danny practice long hours after school to perfect the routine for their performances. Both are talented and a success at all shows. Barbara has won many awards for her twirling.

Concerts, Assemblies Fill Choir Calendar

One of the most acclaimed groups on campus is the Lancer Choir. Besides performing at assemblies and concerts throughout the year, the group competes with other choirs in the district, and has picked up many awards for the school. Also highly acclaimed are the Emeralds, a group of the best of the Choir. Assisting both of these in their performances are the Lancerettes, a group of TOHS girls.

Connie Knight and Lauri Patterson practice along with the rest of the choir for an upcoming event.

FHA, FML Teach Valuable Skills For Future Jobs

FHA: Susan Brooks; Sue McGrath, Vice-Pres.; Peggy O'Hern, Pres.; Miss Mason, advisor; Emily Pederson, Treas.; Mary Pederson.

Future Homemakers of America is a club designed to give girls experience in home economics. Members learn all of the skills necessary for a good homemaker, such as sewing, cooking, and cleaning. Activities include baking and selling refreshments, selling recipe books, and other money-making ventures. FHA not only introduces experience for girls who wish to major in home economics, it also provides a pleasant pastime.

The purposes of the Future Medical League are to stimulate medical interests among students and to help promote better health and health education. Many of its members assist the school nurse before, during and after school. Among its many activities, FML supports a Korean orphan, sends goods to servicemen in Vietnam, provides films on health education to the school, and does such community services as collecting for Muscular Dystrophy.

Business-Minded Pupils Learn To Teach, Type

Future Business Leaders of America is for students interested in pursuing a business career of any kind. Members become practiced in the methods of the business world. Throughout the year this club holds typing, shorthand, and speech contests, along with the sponsorship of a career day.

Future Teachers of America, better known as FTA, is composed of students planning to make a career of education. The purpose of this club is to give the members experience in the advantages and disadvantages of teaching as a profession.

Students Promote Arts, Debaters Nab Awards

The Art Club's goal is to move toward individual experience and to advance in the area of the fine arts. The achievement of this goal is sought through the activities of the club, which include after-game painting sessions, painting picnics, and field trips to art schools and museums. TOHS takes pride in its National Forensic league, which has won many awards for the school and a fine reputation in speech. Members of the club travel widely, debating and presenting speeches on subjects ranging from the humorous to the argumentative.

Pawns, Dials Take Up Time Of Enthusiasts

The Chess Club was formed by a group of interested chess players to provide themselves with a daily opponent and a place to play. Games are played each day at noon to increase the members' playing abilities. At the end of each semester a tournament is held and the winner is declared the best player in the club. Chess is a stimulating and challenging pastime, and the club affords its members a chance to pit their minds against others.

The Radio Club is composed of those interested in building and operating radios. Members have their own ham set and call numbers and frequently stage ham radio expeditions. They also have a school radio and call number with which they can call several places throughout the country.

Science Club Explores With Probe And Scalpel

The purpose of the Science Club is to provide its members with the opportunity to increase their scientific knowledge. A laboratory workroom and its facilities are available for individuals or groups interested in working on Club projects. At their bi-weekly meetings members see films or hear lecturers on a wide range of scientific topics. Members regularly go on field trips to research centers, where they observe or engage in earnest scientific pursuit.

1967 Homecoming Is Climax Of Busy Year

A community teeming with excitement; students clamoring to the polls to vote for a Queen and her court; spirited, hardworking people with hours, ideas and enthusiasm to build a float; a dedicated football team practicing for weeks on special formations; tense, final hours putting finishing touches to proud-looking floats; converting a gymnasium into a picturesque, memorable ballroom; happy, tired, PROUD Lancers. This is Homecoming 1967.

Spirit Prevails Over Homecoming Day Activities

Numerous Assemblies Relieve Classroom Routine

School does not consist of merely going to classes. Special programmed activities are a vital part of a well-rounded academic program. As had been done in past years, T.O.H.S. this year presented an array of exciting assemblies, ranging from San Fernando Valley State College's Concert Band to a colorful psychedelic show featuring "The Band Without a Name."

Early in the year, the Harlem Clowns challenged the T.O.H.S. Faculty to a frolicking basketball game. A side-splitting rally, featuring some of TO's "gorgeous" models, was one of this year's rally highlights. Experts in juggling, archery, and other special fields captured the attention of appreciative students.

Assemblies Promote Interest, Awareness

A well-planned, spirited assembly was held the last day before Christmas vacation. Featured attractions were the Lancer Choir, the Lancerettes, a play featuring "Charlie Brown" and, of course, Santa Claus, his reindeer and Frosty the Snowman. Each quarter, as has been annually presented, an assembly was held announcing girls of the quarters.

"Mouse That Roared" Proves Hit Of Season

The Junior Class Play, "The Mouse That Roared," proved to be one of this year's successful events. The play was performed the evenings of November 30 through December 2. The play is about a small country that upsets the entire world by declaring war on the United States. International confusion is raised by an incident caused by a seemingly insignificant country.

Holding the lead roles were Ann Kornblit, who played the part of Gloriana, and Steve Still who played the part of Tully. The stage for the play was divided into three scenes. Mr. Clair O'Hara, director, stated that, "the play demanded many scene changes and the division of scenes maintained the overall effect."

"The Mouse That Roared" proved to be fun and exciting for the actors and actresses and equally exciting and entertaining for all who attended.

Cheerleaders Promote Unity, Spirit, Enthusiasm

Fostering school spirit and competitive enthusiasm is the responsibility of a school's cheerleading squad. It is to the credit of T.O.'s cheerleaders and songleaders that more spirit and school pride has been shown in the last few years than ever before. The varsity squad, composed of Laura Rooker, Tony Denman, Patty Dryden, Wes Pohl, and Sally Steffen, put on spirited athletic cheers which did much to attract crowds of Lancers to the basketball games. The T.O. cheerleaders proved themselves this summer at competition in Squaw Valley by winning both a gold medal and a spirit stick.

The Songleading squad of Gale Prince, Terri Eichel, Monica Cox, and LeNan Johnson worked closely with the Cheerleaders to entertain Lancer rooters. Their rhythmic routines added excitement to musical numbers.

J.V. Cheerleaders led an active corps of fans at J.V. and Frosh games. The squad, Joanne McGrath, Liz Rice, Laura Madjedi, and Candy Lane, were aided by the spirit of winning teams.

Seniors Journey Into Magic "Wonderland"

Colorful costumes, practiced acting and an immortal story captivated audiences as the Senior class presented its fourth annual class play.

Lewis Carroll's well-known "Alice in Wonderland", a story of a little girl and her fanciful adventures underground, was performed at Redwood Junior High before three night stands of complete sellouts and full houses.

Alice (Renee Underwood) falls into wonderland and discovers many odd and wonderful creatures. Alice's escort, White Rabbit (Jeff Spencer) points out the way to the garden and the trial which proves to be a fascinating experience for her.

The play was directed by Mrs. Julia Rose. Costumes and sets were designed by Mrs. Shannon of the Art Department and Miss Mason of the Homemaking Department. Proceeds of the play went toward the senior gift to the school.

Royalty Reigns Over Basketball Season

With the excitement of Homecoming barely over, royalty again was being chosen at TOHS. This year TOHS began what the student body hopes will become an annual event. The basketball teams chose a queen and princesses to represent them and their sport for the season.

Reigning as the 1968 basketball queen was Sally Steffen. Senior princess was Michele Fallon, and Pam Bremer represented the Junior Class. Sophomore Brenda Lewis and Freshman Liz Rice rounded out the queen's court.

ATHLETICS

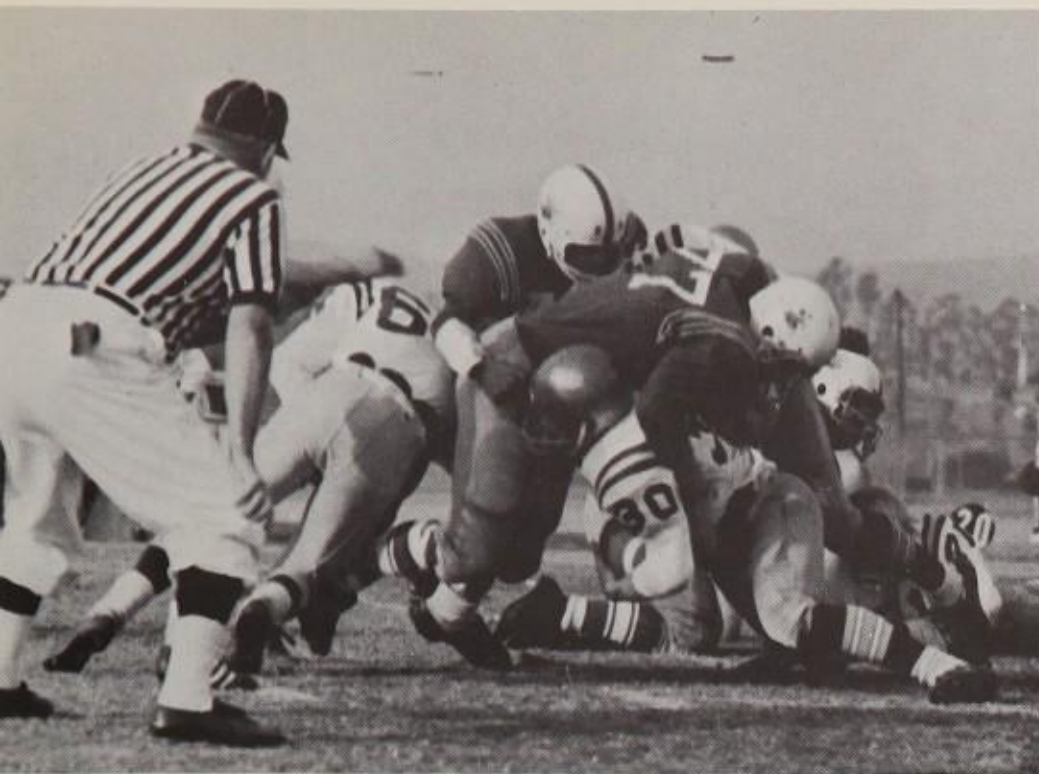

Lancer Gridders Meet Tough Channel League Foes, Only Win Secures Victory Bell To Set Tradition

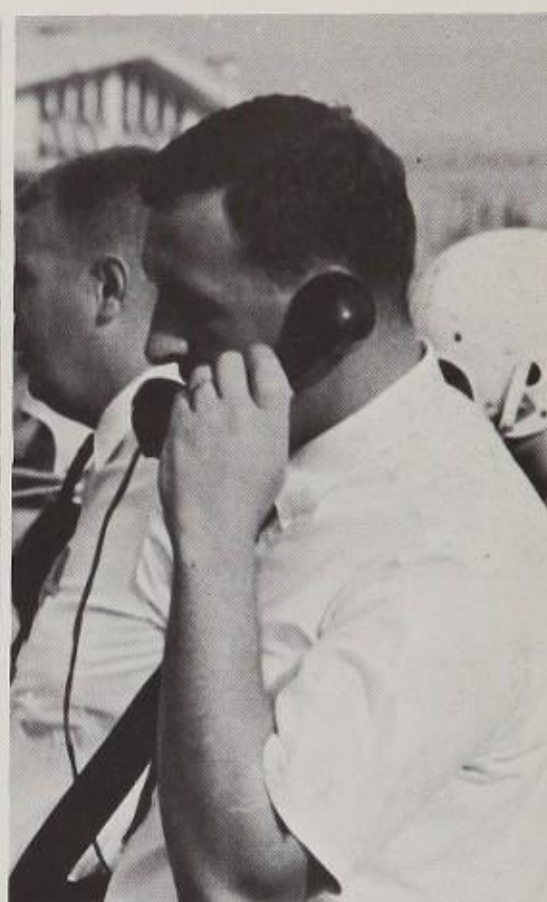

Lancers grid fans cannot deny that the 1967-68 season was another disappointment. Plagued by injuries, the Lancers received another stiff reception when they returned for their second Channel League season. The football season got underway with the Lancers traveling to Los Angeles to combat the Crespi Indians, and then the Dominguez Dons. The two schools were poor hosts, as they landed the varsity back-to-back setbacks, 19-0 and 41-19. Channel Leaguers Hueneme and Ventura were hardly more hospitable, dealing the T.O.H.S. gridgers defeats in their first two League clashes, one away and the other on the Lancers' home field. Hopes remained high for the remaining League encounters, despite these early misfortunes.

Fine Coaching Career Ends On Low Season Note

Next contest for the Lancers was against arch rival, Simi. Lancer fans drove the 17 miles to see the first victory, 14-13.

Next week the Lancers held on gamely through the first half before giving way to the CIF-bound Santa Barbara Dons, 54-7. For their last away game, the Varsity footballers ventured to Camarillo where they suffered their sixth loss. Oxnard Yellow Jackets added a sting to the T.O.H.S. Homecoming festivities, downing the bruised Lancers, 41-20, before Buena's Bulldogs ended the season with a tough victory over a hard-hitting Lancer defense. As the season came to a close, so did the career of Head Coach Ron Barney, who announced his retirement.

JV's Show Strength

The JV's promised able recruits for next year as they finished with a winning mark. Starting the season strongly, they beat non-league opponents Crespi and Dominguez, allowing both teams to score a combined total of only six points. The Channel League provided tougher opposition, however, and the JV's finished the season with a 3-4 league mark, but had an overall record of 5-4. The high point of the JV season was a 27-6 win over rival Simi.

Frosh Strong Finish Underlines Potential

The Frosh showed promise of better things to come as they captured the Channel League crown with a 4-1 mark. Their season was marked by victories over Channel Islands, Camarillo, Rio Mesa, and Hueneme. The only league loss came in a heartbreaking 6-2 defeat to Oxnard. But the Frosh showed their strength in the 31-13 trouncing of Rio Mesa. Their non-league losses were also close, as they were defeated by Crespi (7-0), Fillmore (13-9), and Santa Paula (7-6). All year, defense was the key word for the Frosh, as they allowed opponents only a touchdown or two per game. Chances were good for several frosh to crack the varsity team as sophomores.

To better their speed, harriers run relays.

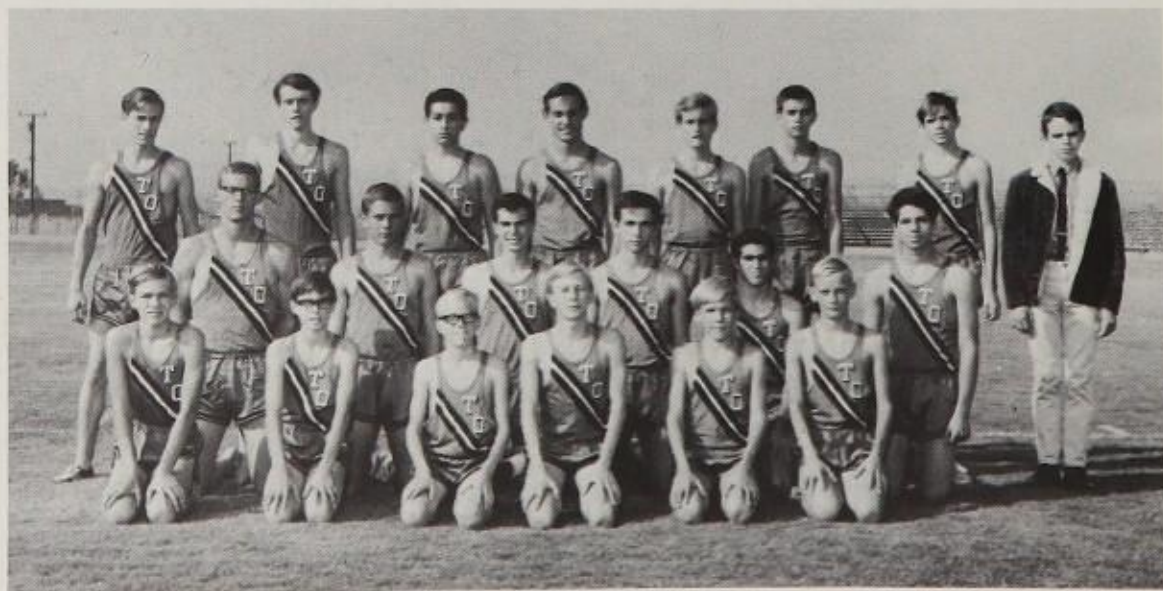

The Lancer Cross Country team strode a thorny path during the 1967-68 season, as they went winless in seven Channel League meets. Hopes were magnified as Newbury Park runners were left eating Lancer dust in a pre-season meet which gave Thousand Oaks its only victory. But Lancer hopes for a shot at the League title were dashed as Hueneme swept past TOHS (20-28). From then on the Lancers found that the road became rougher. TOHS was handed three consecutive defeats as they traveled to Buena, Ventura and Oxnard. The two following meets were on home soil but the results were the same, as Simi and Camarillo defeated the Lancers, before Santa Barbara ended the season in a 11-38 contest.

Lancer Cagers Boast Strong 13-12 Season

The 1968 Lancer cagers found their second season of Channel League play much more profitable than their previous year.

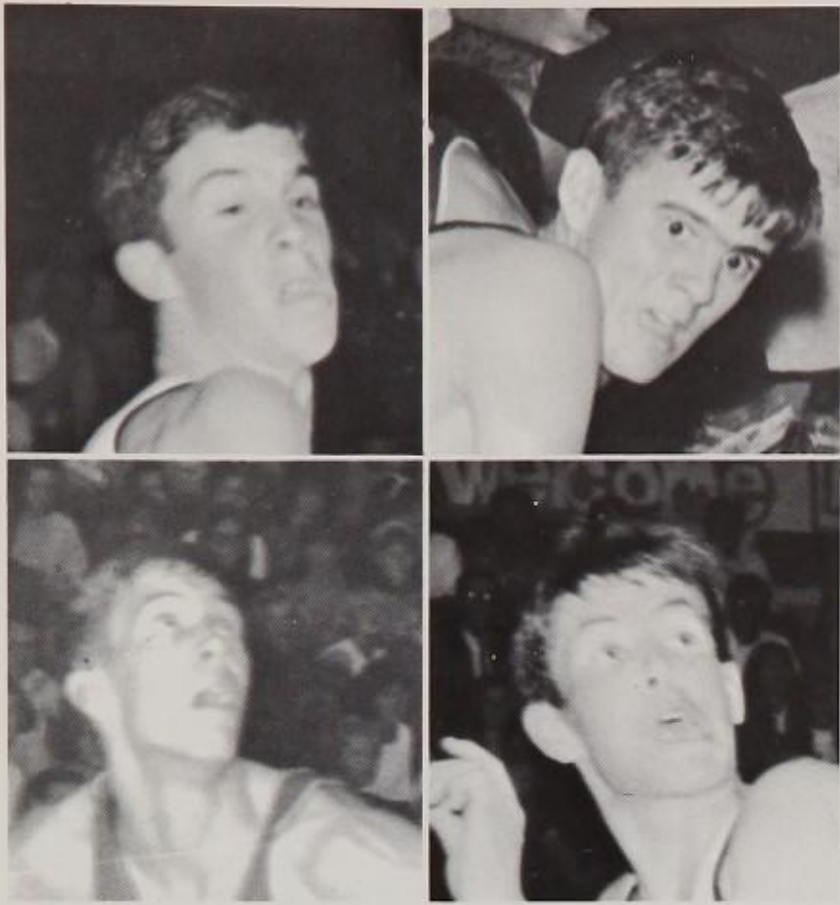

For the first time since 1964, Coach Dale Ackerman's Lancers finished with a winning season. As the year ended, the Lancers boasted a 13-12 record overall and a 6-8 mark in league play to put them in fifth place. Leading the Lancer basketball resurgence was junior guard John Siemens, who broke the season scoring record previously held by Mike Kohl, passing Kohl's mark by 18 points to raise the new standard to 387. Another high-point man was center Mike Cleary, also a junior, who hit a 12.4 points per game pace enroute to his position as fifteenth among league scorers. Another important ingredient in the winning combination was the play of T.O.'s "Deadly Duo," Gary and Mark Adams. Mark scored 12 points a game to finish seventeenth in the league, while Gary pulled down numerous rebounds to feed the TOHS fast break. Also valuable to the team was senior Karl Torgerson, another consistent scorer.

Highlights of the varsity season were Lancer victories over arch-rivals Simi, 65-64 and 69-67; Camarillo (58-57); and the rout of Oxnard at the beginning of the basketball season (93-65).

Hoop Teams Set Torrid Pace In Lower Leagues

The 1967-68 basket ball season proved a prosperous one for the Lancer, JV, B, C, and Frosh teams. Heading the winners was Coach Gene Lloyd's C team, which finished the season with 18 wins and 3 losses. Close behind were Coach John McMullen's JV's, who finished with an 18-4 record. Coach Keith Wilson brought his B team through with a 12-10 season performance. The Frosh, headed up by Coach Marvin Jeffries, also were successful, as they finished the season with only four losses.

Grapplers Lose Hold On Wrestling Crown

Varsity wrestlers ran into tough competition this year, as they failed to repeat their league championship, and sank, instead, to fifth place. Showing strength in the lower weight division but little power in the upper classes, T.O. picked up victories, under Coach Larry Stonebreaker, against only the new Ventura and Buena teams.

Varsity baseball players looked toward the 1968 season with considerable optimism this year. For two straight seasons now the varsity horsehiders have captured the pennant, last year in the tough Channel League, and the year before in the Frontier League. The varsity sluggers flexed their muscles at the beginning of the season, flattening the Crespi Indians, 5-1. Leading the Lancer attack on the mound were Phil Phillips and Scott Christian. Top hitters were Dean Yoshiwara, Doug Tarvin and Keith Hughes. Promising new faces on the squad were Kelly Fadler, Fredy Hebert, Rod Eggleston, Randy Eagle, Bob Bailey, Mark Nelson and Dave Olson.

Winning Ways Eyed By JV, Frosh Baseballers

At baseball-tough TOHS, the JV's have been setting a winning tradition for almost five years. This year they were out to repeat as league champions for the third straight time, under a new coach, Robert Raupp. The JV's were bolstered by numerous recruits from the Frosh team, which posted a 7-7 record in 1967. Frosh Coach Larry Stonebreaker also expressed optimism about a winning season for his team. He said the enthusiastic class of '71, which has already done so well in football and basketball, should be heavily loaded with baseball talent.

Experience, Training Strengthen Lancer Swimmers

In its second year of existence, Coach Dale Owens' swim team came into its own in Channel League competition. Led by seniors Rod Scuria and Bill Roberts in backstroke and butterfly, junior Dan Fallon in freestyle, and Jud Krueger in breaststroke and individual medley, the T.O. varsity squad swamped traditional favorite Oxnard, 56-39, in the first meet of the season. Coming from the bottom of the ratings last year, Coach Owens' varsity was looking for an easy second place in Channel League standings, bending only to C.I.F. contender Buena High.

With a highly successful C team this year, T.O. should be in good shape for the next few seasons.

Cindermen Have Hope For Improved Season

Head Coach Bill Shaw's track team was out to better themselves in 1968, after finishing in last place in 1967. Leading the Lancer high jumpers were Jeff Schlecht and Steve Groom, while the pole-vault event was headed by Larry MacReynolds. Bob Enderson led TOHS long jumpers. Lancer runners were headed up by Dan Ramsey, Hank Schnieder, Tim O'Mally, Bill Parsons, Bob Miller and Dan Langlois.

Lancer hopes for a successful season were dimmed after Thousand Oaks was defeated by Channel Islands and Santa Barbara in early meets. The only victory before **Lancer Legend** went to press was a 56-65 win over Rio Mesa.

Lancers Get Teed Off At Los Robles Course

The 1968 Lancer golf team, under the coaching of Stan Paumer, returned to the greens this year to try to improve on last year's third place league finish. Chances were high, according to Coach Paumer, because the squad consisted of several returning lettermen, headed by seniors Fritz Naumetz and Pete Moebius. Also on this year's roster were many new faces, expected to brighten Lancer chances.

TOHS Netmen Eye Repeat Of League Championship

Although last year's team took first in the Channel League, the lack of returning lettermen and the loss of last year's seniors may hurt Lancer chances for a successful season. A plus for the 1968 Tennis team was new Coach Ron Hedin. Coach Hedin proved himself successful with the Frosh football team, and hopes were high that his knowledge of the net game would bring a successful tennis team to Thousand Oaks.

Girls' Athletics Offer Vigorous Competition

Girls as well as boys find exercise and excitement through the athletic program at TOHS. Under Miss Carolyn Riley, currently the supervisor of girls' sports, females from freshman to senior have the chance to participate in such team sports as volleyball, tennis, swimming, field hockey, basketball and gymnastics.

Competing against other girls in the Oxnard High School District schools, TOHS females experience the keen rivalry of competition and the reward of total fatigue after a hard-fought game. Traditionally, TOHS girls have been at the top of the league in all sports in which they have participated.

Leading the girls in competition this year were such outstanding seniors as Linda Denman, Betty Lenoir and Jeanette Welling. According to Miss Riley, there are numerous underclass girls who have displayed skill at various sports and who next year will help TOHS continue a tradition of tough competition and sportsmanship.

CLASSES

Lunchtime is a time to temporarily forget about classes while relaxing with friends on the quad.

Enthusiastic Outlook

Freshman's face is that most unique of all organisms, reflecting simply and eloquently the emotions lying underneath. It contains youth and naivety and innocence all combined and delicately mixed with insecurity.

Typical in this respect are the members of the Class of 1971, and yet there is something special about them. They are not only Freshmen, but Freshmen together. Theirs is the spirit and the class pride which so many other classes lack. The Frosh's unprecedented second place in the Homecoming Float competition is serving as an example of what this class can do together.

Mr. Grimes and Mr. Coffman, Freshman Class advisors, appear pleased over profits received from sucker sale.

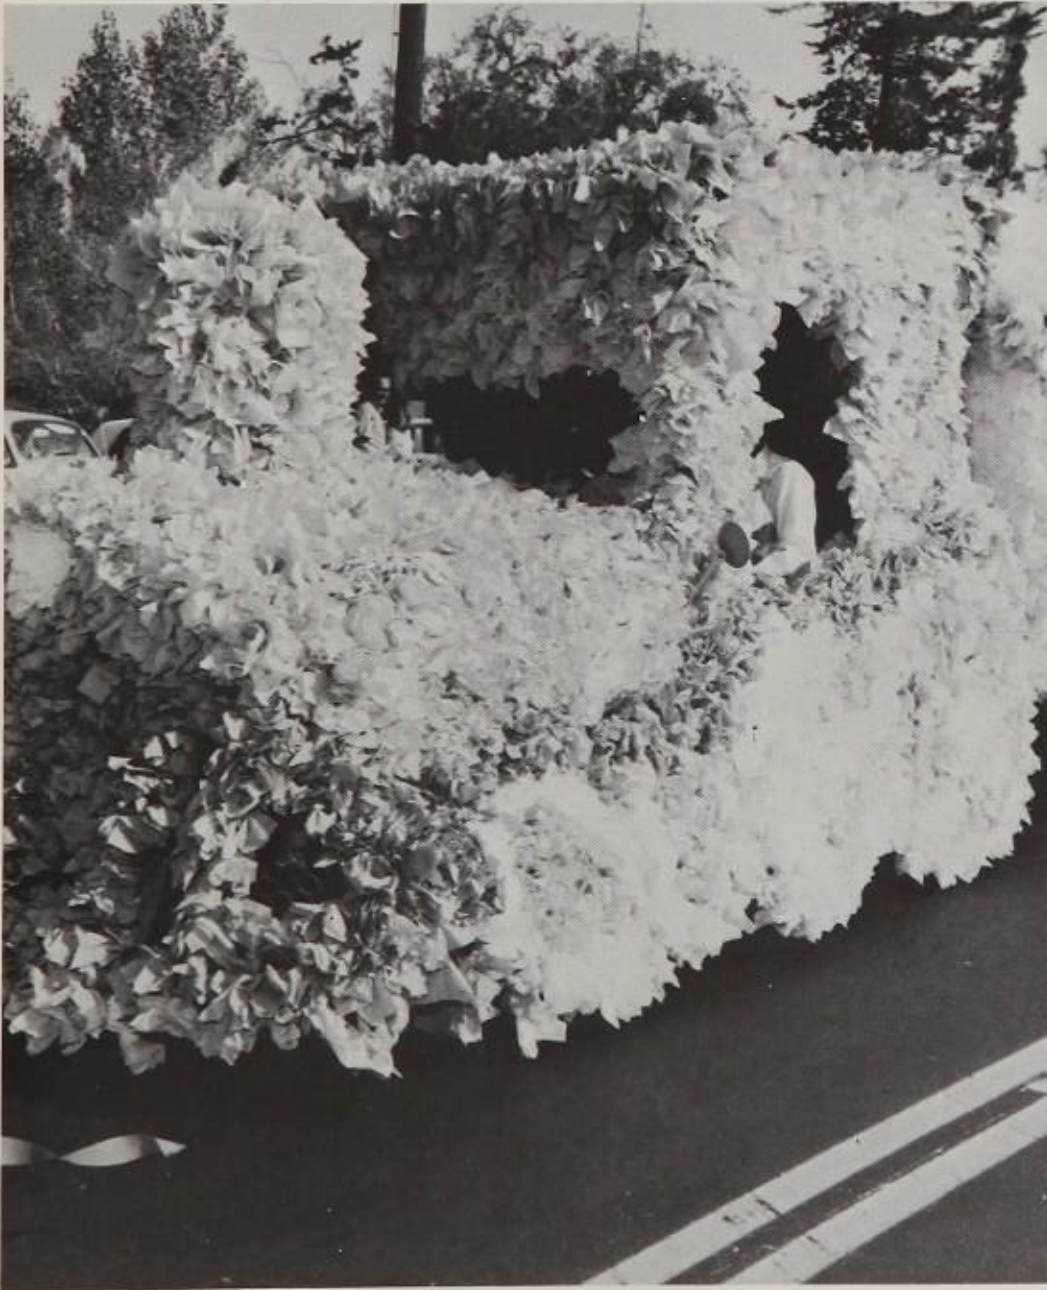

Freshmen athletes develop skills in daily P.E. classes.

Sophomores Abandon Lowerclass Status

Sophomore class members, in 1968, established themselves as future leaders of TOHS. Gaining class identity after the trauma of their freshman year, sophomores came into their own as a guiding force on campus.

A bake sale in October started off the year's activities, and in November the Class of '70 surprised everyone with the excellence of their Homecoming float, "Liontamer." In March they sponsored a successful sports night, followed later in the month by a pizza sale. Before the year's end, Sophomores were beginning to map plans for their junior year activities.

Juniors Wrap Up Big Third Year At TOHS

For the Junior class the '67-'68 school year was an exciting and active one. They upheld the Junior tradition during Homecoming by winning the annual float competition. In November, they brought to the student body the popular Kasey Kasem Road Show, to which the price of admission was a ticket to their smash play, "The Mouse That Roared". They ended the year with the traditional Junior-Senior Prom, an elaborate affair offered free to Seniors.

Departing Seniors Say Last Farewells

For four years TOHS has been the scene of varied activities by the class of 1968. As Juniors the Artisans resurrected spirit with the Rally Club and set the school to cheering. They established precedence for the outstanding excellence in Homecoming floats witnessed this year. Last year's Juniors also gave the school its first Road Show. As Seniors, the class of '68 gave the school what it had needed for many years: a total revision of student government. Artisans have demonstrated their ability to make useful and creative contributions to the community they are entering.

Top Graduates Amass Scholarships, Awards

The faces pictured on these pages represent much of the best that Thousand Oaks High has produced. Picked on the basis of grades through the seventh semester, these seniors are academically the elite of their class. Scholarship combined with active school participation has won awards and honors for many of these students, some of which are mentioned. Most of the honors, however, were awarded these scholars after the **Lancer Legend** went to press and, regrettably, could not be included.

Tim Knaak and Tom Ballard, National Merit Scholarship Finalists, discuss a physics problem before class.

Bottom row: Becky Morris, Cindy Covell; Top Row: Dave Harshman, Betty Lenoir.

ABOVE: Most Likely To Succeed: Tom Ballard, Jerry Klein.

LEFT: Most Dependable: Bruce Bruschi, Michele Fallon; Most Intelligent: Tim Knaak, Becky Morris; Most Spirited: Tony Denman, Teri Eichel.

BELOW: Most Humorous: Jeff Spencer, Betty Lentz.

Seniors Cast Votes For "Superlative" Classmates

ABOVE: Most Flirtatious: Phil Phillips, Kathy Williams; Most Popular: Jose Fierro, Laura Rooker; Best Dressed: Russ Cameron, Patty Dryden.

LEFT: Mr. and Miss TOHS Teacher: Mr. William Manzer, Miss Joan Anderson.

BELOW: Mr. and Miss TOHS: Sally Steffen, Bob Debski.

"All, All Are Gone, The Old Familiar Faces."

Charles Lamb

For those who are saying goodbye to Thousand Oaks High School, a new life is just beginning. Farewells are soon forgotten amid the preparations for college and career. Ahead is a challenge for every graduate and behind are the many faces of Thousand Oaks High.

The LANCER LEGEND extends warm thanks to Mr. Viga Hall, Taylor Publishing Company Representative; O'Connor Bros. Studios; Mr. Ron Loewe, drafting instructor; the Conejo News-Chronicle; and the Sunset Country Club for providing picture settings.
